Objective

Motivated and self-taught developer seeking **internship position** in front-end development. Passionate about building functional, responsive web applications and learning through real-world projects. Eager to contribute to a dynamic team while continuing to grow professionally.

Skills

Front-End Development

- Proficient in **HTML5**, **CSS3**, and **JavaScript**.
- Basic understanding of **React.js** for building user interfaces.
- Knowledge of **responsive design principles** using CSS frameworks.

Back-End / Python Development

- Basic in **NodeJS** and **Python**.
- Basic understanding of **Express** and **Django** for web development.
- Learning **REST APIs** and backend services integration.

Tools & Technologies

- **Git/GitHub**: Version control for collaborative development.
- **VS Code**: Comfortable working in modern development environments.
- **MongoDB & MySQL**: Gaining knowledge of databases for full-stack applications.

Projects

1. **Personal Portfolio Website** (HTML, CSS, JavaScript)
 - Developed a responsive portfolio to showcase my projects and learning journey.
 - Implemented animations to enhance user experience.

Professional Experience

Site Supervisor

Rouna SA – Ouagadougou, Burkina Faso (April 2023 – August 2023)

- Managed construction sites, ensuring timely completion within budget and quality standards.
- Scheduled labor and managed materials to ensure efficient daily operations.
- Performed layout surveys using total stations and levels for precise structure placement.

Site Supervisor / Surveyor

Kanazoe Frere – Ouagadougou, Burkina Faso (September, 2020 – October, 2021)

- Managed day-to-day operations on construction sites, ensuring smooth workflow and timely delivery.
- Conducted layout surveys using GPS, total stations, and levels for precise construction measurements.
- Coordinated with engineers and architects to meet project specifications.

Construction Foreman

Kanazoe Frere (Subcontractor) – Ouagadougou, Burkina Faso (April 2019 – September 2020)

- Supervised teams of carpenters, steelworkers, and laborers, ensuring smooth workflow.
- Coordinated materials, labor, and schedules to meet project deadlines and maintain quality control.

Construction Surveyor

Capitol Engineering Limited – Tema, Ghana (May 2016 – November 2018)

- Conducted layout surveys and provided accurate As-Built drawings.
- Collaborated with clients, engineers, and contractors to ensure survey standards were met.

Education

- **Self-Directed Learning:** Pursuing full-stack web development through **The Odin Project** and **Frontend Mentor**.
- **Basic Education Certificate (BECE):** Aboadze/Abuesi Junior High School, Ghana (2008).
